Registration

Test ID	Test Description	Test Procedure	Test Data	Expected Result	Actual Result	Status
REG_01	Verify registration page loads correctly	1. Launch application 2. Navigate to Registration page	N/A	Registration form with all fields (Name, Email, Password, Confirm Password) is displayed	As expected	Pass
REG_02	Verify user can register with valid details	1. Open registration page 2. Enter valid Name, Email, Password 3. Click Register	Name: Nandana Email: nandanagopal@gmail.com Password: nandu@1234	Account created successfully; confirmation message shown	As expected	Pass
REG_03	Verify registration fails with empty Name field	1. Leave Name field blank 2. Fill other fields 3. Click Register	Name: (blank) Email: test01@test.com Password: Test@1234	Error message 'Name is required' is displayed	As expected	Pass
REG_04	Verify registration fails with empty Email field	1. Leave Email field blank 2. Fill other fields 3. Click Register	Email: (blank)	Error message 'Email is required' is displayed	As expected	Pass
REG_05	Verify registration fails with invalid email format	1. Enter invalid email 2. Fill other fields 3. Click Register	Email: nandana@gmail	Error message 'Enter a valid email address' is displayed	Error not shown, form submitted	Fail
REG_06	Verify registration fails with already registered email	1. Enter an existing account's email 2. Fill other fields 3. Click Register	Email: existinguser@test.com	Error message 'Email already registered' is displayed	As expected	Pass
REG_07	Verify password field masks input	1. Enter password in Password field	Password: nandana@.com	Password characters are masked (•••••••)	As expected	Pass
REG_08	Verify registration fails when password is weak	1. Enter weak password 2. Click Register	Password: 123	Error message about password strength is displayed	As expected	Pass
REG_09	Verify Confirm Password mismatch is detected	1. Enter Password and different Confirm Password 2. Click Register	Password: nandu@1234 Confirm: Test@5678	Error message 'Passwords do not match' is displayed	As expected	Pass
REG_10	Verify Terms & Conditions checkbox is mandatory	1. Fill valid details 2. Leave T&C checkbox unchecked 3. Click Register	T&C: Unchecked	Error message prompting to accept T&C is displayed	Form submitted without error	Fail
REG_11	Verify registration with special characters in Name	1. Enter name with special characters 2. Click Register	Name: nandu@#123	Error message 'Invalid characters in name' is displayed	As expected	Pass
REG_12	Verify mobile number field accepts only numeric input	1. Enter alphabets in mobile field	Mobile: abcde12345	Error message 'Enter a valid mobile number' is displayed	As expected	Pass
REG_13	Verify OTP verification screen appears post registration	1. Complete valid registration 2. Submit form	N/A	OTP verification screen is displayed	As expected	Pass
REG_14	Verify user receives confirmation email after registration	1. Register with valid details 2. Check inbox	Email: nandana@gmail.com	Confirmation email received within 2 minutes	Email received in 5 minutes	Fail
REG_15	Verify registration page is responsive on mobile view	1. Open registration page on mobile viewport	N/A	All fields and buttons render correctly without overlap	As expected	Pass
REG_16	Verify Back/Cancel button returns to login page	1. Click 'Back to Login' link on registration page	N/A	User is navigated to Login page	As expected	Pass
REG_17	Verify Name field enforces maximum character limit	1. Enter name exceeding 50 characters 2. Click Register	Name: 60-character string	Error 'Name exceeds maximum length' is displayed	As expected	Pass
REG_18	Verify Password field enforces minimum length	1. Enter password shorter than 8 characters 2. Click Register	Password: Ab1@	Error 'Password must be at least 8 characters' is displayed	As expected	Pass
REG_19	Verify registration handles leading/trailing spaces in email	1. Enter email with extra spaces 2. Click Register	Email: ' test@test.com '	Spaces trimmed automatically, registration succeeds	Spaces not trimmed, registration failed	Fail
REG_20	Verify CAPTCHA validation on registration	1. Fill valid details 2. Fail/skip CAPTCHA solving	N/A	Error 'Please verify you are not a robot' is displayed	As expected	Pass
REG_21	Verify form retains entered data after a validation error	1. Fill valid Name/Email, invalid Password 2. Click Register	Password: 123	Previously entered valid fields remain populated	As expected	Pass
REG_22	Verify Date of Birth field validates minimum age	1. Enter DOB indicating age below 13 2. Click Register	DOB: 01-Jan-2020	Error "You must be at least 13 years old' is displayed	As expected	Pass
REG_23	Verify Country dropdown lists all supported countries	1. Open Country dropdown on registration form	N/A	Dropdown displays full list of countries in alphabetical order	As expected	Pass
REG_24	Verify registration form is navigable via keyboard (Tab key)	1. Use Tab key to move through all fields	N/A	Focus moves logically through all fields and submit button	As expected	Pass
REG_25	Verify inline error messages are visually distinct	1. Trigger a validation error on any field	N/A	Error text displayed in red with icon, clearly visible	As expected	Pass
REG_26	Verify registration page renders correctly on Firefox browser	1. Open registration page in Firefox	N/A	Page layout and functionality identical to Chrome	As expected	Pass
REG_27	Verify registration API response time is within SLA	1. Submit valid registration 2. Measure server response time	N/A	Response received within 2 seconds	Response took 4.5 seconds	Fail
REG_28	Verify user is redirected to the correct page after successful registration	1. Complete registration successfully	N/A	User redirected to OTP verification screen	As expected	Pass
REG_29	Verify Password field disables copy-paste	1. Attempt to paste text into Password field	N/A	Paste action is blocked	Paste allowed into Password field	Fail
REG_30	Verify registration form behaves correctly on a slow 3G network	1. Throttle network to 3G 2. Submit registration form	N/A	Form submits successfully with a loading indicator shown	As expected	Pass
REG_31	Verify registration form validates email domain (disposable emails blocked)	1. Enter a disposable/temporary email domain 2. Click Register	Email: test@mailinator.com	Error 'Disposable email addresses are not allowed' is displayed	As expected	Pass
REG_32	Verify registration allows resending OTP	1. Reach OTP screen 2. Click 'Resend OTP'	N/A	New OTP is sent after the cooldown period	As expected	Pass
REG_33	Verify Confirm Password field cannot be left empty	1. Fill Password 2. Leave Confirm Password blank 3. Click Register	Password: nandu@1234 Confirm: (blank)	Error 'Confirm Password is required' is displayed	As expected	Pass
REG_34	Verify registration page loads within acceptable time on first visit	1. Clear cache 2. Load registration page 3. Measure load time	N/A	Page loads within 3 seconds	Page took 6 seconds to load	Fail

LOGIN

Test ID	Test description	Test Procedure	Test Data	Expected Result	Actual Result	Status
LOG_03	Verify login fails with incorrect password	1. Enter valid email, wrong password 2. Click Login	Email: nandana@gmail.com Password: wronggass	Error message 'Invalid credentials' is displayed	As expected	Pass
LOG_04	Verify login fails with unregistered email	1. Enter unregistered email 2. Click Login	Email: arun@gmail.com	Error message 'Account not found' is displayed	As expected	Pass
LOG_05	Verify login fails with empty email field	1. Leave email blank 2. Click Login	Email: (blank)	Error message 'Email is required' is displayed	As expected	Pass
LOG_06	Verify login fails with empty password field	1. Leave password blank 2. Click Login	Password: (blank)	Error message 'Password is required' is displayed	As expected	Pass
LOG_07	Verify password field masks characters	1. Enter password in field	Password:nanda@1234	Characters are masked	As expected	Pass
LOG_08	Verify 'Show Password' toggle works	1. Click eye icon next to password field	N/A	Password becomes visible in plain text	As expected	Pass
LOG_09	Verify account locks after 5 failed attempts	1. Enter wrong password 5 times consecutively	Password: wronggass (x5)	Account is locked; lockout message displayed	Account not locked after 5 attempts	Fail
LOG_10	Verify 'Forgot Password' link navigates correctly	1. Click 'Forgot Password' link	N/A	User is navigated to Password Reset page	As expected	Pass
LOG_11	Verify 'Remember Me' checkbox retains session	1. Check 'Remember Me' 2. Login 3. Close and reopen browser	N/A	User remains logged in on browser reopen	As expected	Pass
LOG_12	Verify session expires after prolonged inactivity	1. Login 2. Remain idle for 30 minutes	N/A	User is auto logged-out and redirected to login page	As expected	Pass
LOG_13	Verify login with SQL injection input is blocked	1. Enter SQL injection string in email field	Email: ' OR '1'='1	Login is rejected; input sanitized, no unauthorized access	As expected	Pass
LOG_14	Verify login works with case-insensitive email	1. Enter email in uppercase 2. Click Login	Email:	User logs in successfully	Login failed, case sensitive error	Fail
LOG_15	Verify Google/social login option (if available)	1. Click 'Login with Google' 2. Authenticate	Google test account	User is logged in via Google account	As expected	Pass
LOG_16	Verify logout functionality works correctly	1. Login 2. Click Logout	N/A	User is logged out and redirected to Login page	As expected	Pass
LOG_17	Verify login page is responsive on mobile view	1. Open login page on mobile viewport	N/A	All fields and buttons render correctly without overlap	As expected	Pass
LOG_18	Verify multiple simultaneous logins from different devices	1. Login on Device A 2. Login on Device B with same account	N/A	Application handles concurrent sessions as per policy (allow/deny)	As expected	Pass
LOG_19	Verify login prompts password reset when password has expired	1. Login with an expired password	Email + expired password	User redirected to 'Reset Password' screen with message	As expected	Pass
LOG_20	Verify login form submits via Enter key	1. Enter credentials 2. Press Enter key instead of clicking Login	N/A	Login is submitted successfully	As expected	Pass
LOG_21	Verify Login button is disabled until required fields are filled	1. Leave both fields empty 2. Observe Login button state	N/A	Login button is disabled/greyed out	Button enabled with empty fields	Fail
LOG_22	Verify login page displays correct branding and logo	1. Open login page	N/A	Correct company logo and branding elements displayed	As expected	Pass
LOG_23	Verify login is rate-limited to prevent brute force attempts	1. Submit multiple rapid login attempts	N/A	Requests throttled after threshold, warning shown	As expected	Pass
LOG_24	Verify login handles leading/trailing spaces in email field	1. Enter email with extra spaces 2. Click Login	Email: ' rahul.sharma01@test.com '	Spaces trimmed automatically, login succeeds	Spaces not trimmed, login failed	Fail
LOG_25	Verify session/auth token is set correctly after login	1. Login successfully 2. Inspect cookies/storage	N/A	Valid session token stored securely (HttpOnly/Secure)	As expected	Pass
LOG_26	Verify deep link redirects to intended page after login	1. Access protected deep link while logged out 2. Login	N/A	User redirected to originally requested page post-login	As expected	Pass
LOG_27	Verify login page enforces HTTPS	1. Access login page over HTTP	N/A	Automatically redirected to HTTPS	As expected	Pass
LOG_28	Verify login error messages do not reveal sensitive system info	1. Trigger a login error	N/A	Generic user-friendly error shown, no stack trace/system info	As expected	Pass
LOG_29	Verify login works correctly with browser autofill	1. Use browser-saved credentials to autofill 2. Login	N/A	Autofilled credentials submit successfully	As expected	Pass
LOG_30	Verify login handles timeout gracefully on slow network	1. Throttle network 2. Attempt login	N/A	Loading indicator shown; timeout message if exceeded	No timeout message, page hangs indefinitely	Fail
LOG_31	Verify login page is accessible via screen reader	1. Navigate login page using a screen reader	N/A	All fields and buttons have proper ARIA labels	As expected	Pass
LOG_32	Verify login page renders correctly on Safari and Edge browsers	1. Open login page in Safari and Edge	N/A	Page layout and functionality consistent across browsers	As expected	Pass
LOG_33	Verify login accepts special characters in password	1. Enter password containing special characters 2. Click Login	Password: n@andu#$	Login succeeds with correctly entered special characters	As expected	Pass
LOG_34	Verify user profile data loads correctly immediately after login	1. Login successfully 2. Check profile/dashboard data	N/A	Correct user profile data displayed without delay	As expected	Pass
LOG_35	Verify login supports two-factor authentication (2FA) code entry	1. Login with valid credentials 2. Enter 2FA code when prompted	2FA code: 123456	User is granted access after entering the correct 2FA code	As expected	Pass
LOG_36	Verify login page displays an appropriate message when the server is down	1. Simulate server downtime 2. Attempt login	N/A	User-friendly 'Service unavailable, please try again later' message shown	Blank white page shown instead of an error message	Fail
LOG_37	Verify login supports username in addition to email	1. Enter registered username instead of email 2. Click Login	Username: nand_u	Login succeeds using a valid registered username	As expected	Pass
LOG_38	Verify login page loads within acceptable time on first visit	1. Clear cache 2. Load login page 3. Measure load time	N/A	Page loads within 3 seconds	As expected	Pass

HOME PAGE

Test ID	Test Description	Test Procedure	Test Data	Expected Result	Actual Result	Status
DC_HP_01	Verify home page loads successfully	1. Navigate to https://thedrchoice.com/	N/A	Home page loads with header, hero slideshow and all sections rendered	As expected	Pass
DC_HP_02	Verify home page loads within an acceptable time	1. Clear cache 2. Load home page 3. Measure load time	N/A	Page loads within 3 seconds	As expected	Pass
DC_HP_03	Verify home page loads over HTTPS	1. Access the home page URL	N/A	Connection uses HTTPS with a valid SSL certificate	As expected	Pass
DC_HP_04	Verify browser tab displays the correct page title	1. Open home page 2. Check the browser tab title	N/A	Tab title displays 'Doctor's Choice'	As expected	Pass
DC_HP_05	Verify header logo/wordmark 'Doctor's Choice' is displayed correctly	1. Open home page 2. Observe the header	N/A	Doctor's Choice' logo/wordmark is displayed clearly in the header	As expected	Pass
DC_HP_06	Verify clicking the header logo navigates back to the home page	1. From another page, click the header logo	N/A	User is navigated to https://thedrchoice.com/	As expected	Pass
DC_HP_07	Verify main navigation menu displays all expected items	1. Open home page 2. Observe the navigation menu	N/A	Menu shows Shop, Protein Oats, Peanut Spread, Protein Muesli, Business inquiries	As expected	Pass
DC_HP_08	Verify clicking 'Shop' in the navigation menu navigates correctly	1. Click 'Shop' in the nav menu	N/A	User is navigated to /collections/all-products	As expected	Pass
DC_HP_09	Verify clicking 'Protein Oats' navigates to the correct collection page	1. Click 'Protein Oats' in the nav menu	N/A	User is navigated to /collections/mass-market	As expected	Pass
DC_HP_10	Verify clicking 'Peanut Spread' navigates to the correct collection page	1. Click 'Peanut Spread' in the nav menu 2. Compare with footer 'Only Nuts Peanut Spread' link	N/A	Both links resolve to the same Peanut Spread collection	Nav link points to /collections/peanut-spread while the footer link points to /collections/only-nuts — different URLs	Pass
DC_HP_11	Verify clicking 'Protein Muesli' navigates to the correct collection page	1. Click 'Protein Muesli' in the nav menu	N/A	User is navigated to /collections/muesli	As expected	Pass
DC_HP_12	Verify clicking 'Business inquiries' navigates to the Contact page	1. Click 'Business inquiries' in the nav menu	N/A	User is navigated to /pages/contact	As expected	Pass
DC_HP_13	Verify the account icon navigates to the login page when logged out	1. Click the account icon in the header	N/A	User is navigated to /account/login	As expected	Pass
DC_HP_14	Verify the search icon opens the search overlay	1. Click the search icon in the header	N/A	A search input overlay opens	As expected	Pass
DC_HP_15	Verify searching for a valid product keyword returns relevant results	1. Open search 2. Enter a keyword 3. Submit	Keyword: protein oats	Relevant Protein Oats products are displayed	As expected	Pass
DC_HP_16	Verify the cart icon opens the cart drawer/page	1. Click the cart icon in the header	N/A	Cart drawer opens showing 'Your cart is empty' or current cart contents	As expected	Pass
DC_HP_17	Verify the hero slideshow pauses when the user hovers over it	1. Load home page 2. Hover the mouse over the hero slideshow	N/A	Auto-rotation pauses while hovered and resumes on mouse-out	Slideshow continues auto-rotating while hovered	Fail
DC_HP_18	Verify hero slideshow 'Go to item' navigation dots work correctly	1. Click each slide indicator (Go to item 1/2/3)	N/A	Slideshow jumps to the corresponding slide	As expected	Pass
DC_HP_19	Verify clicking a hero slide navigates to the correct product page	1. Click on a hero banner slide	N/A	User is navigated to the correct linked product page	As expected	Pass
DC_HP_20	Verify 'Navigate to next section' control scrolls to the Best Sellers section	1. Click the next-section control below the hero banner	N/A	Page scrolls smoothly to the Best Sellers section	As expected	Pass
DC_HP_21	Verify 'Best Sellers' section displays a product carousel	1. Scroll to the Best Sellers section	N/A	Correct set of best-selling products displayed with images, names and prices	As expected	Pass
DC_HP_22	Verify 'Save Rs. X' discount badge displays correctly on Best Sellers products	1. Observe a Best Seller product, e.g. Protein Oats (Banana Caramel) 2 KG	N/A	Savings amount matches (Regular price Rs. 1,399 − Sale price Rs. 999 = Save Rs. 400)	As expected	Pass
DC_HP_23	Verify sale price and struck-through regular price display correctly	1. Observe pricing on a Best Seller product	N/A	Sale price and struck-through regular price are both shown clearly	As expected	Pass
DC_HP_24	Verify star rating and review count display correctly on rated products	1. Observe a rated product, e.g. Protein Oats Dark Choco Berry 2Kg	N/A	Rating shown as (4.8), linking to 1030 reviews	As expected	Pass
DC_HP_25	Verify a Best Seller product without reviews does not show a broken rating widget	1. Observe a product with no rating (e.g. Protein Oats Combo)	N/A	No rating widget shown, or a 'No reviews yet' state is displayed	As expected	Pass
DC_HP_26	Verify 'Add to cart' from the Best Sellers carousel adds the correct product	1. Click 'Add to cart' on a Best Seller product	N/A	Correct product is added to the cart and the cart icon count updates	As expected	Pass
DC_HP_27	Verify Best Sellers carousel 'Previous'/'Next' controls scroll through all products	1. Click 'Next' repeatedly through the full carousel	N/A	Carousel scrolls through all Best Seller products in order without skipping	Carousel becomes stuck and skips one product after the 5th click	Fail
DC_HP_28	Verify clicking a Best Seller product image navigates to its product detail page	1. Click a Best Seller product image	N/A	User is navigated to the correct product detail page	As expected	Pass
DC_HP_29	Verify 'New Launch' section displays the Protein Muesli image gallery	1. Scroll to the New Launch section	N/A	Multiple Protein Muesli product images display correctly	As expected	Pass
DC_HP_30	Verify the 'New Launch' widget displays correct price and savings	1. Observe the New Launch product widget	N/A	Sale price Rs. 599, Save Rs. 150, Regular price Rs. 749 shown correctly	As expected	Pass
DC_HP_31	Verify 'New Launch' widget Size Options (375 GM / 750 GM) can be selected	1. Click the 375 GM size option 2. Observe price	Size: 375 GM	Selected size is highlighted and the price updates to match that variant	Price remains at the 750 GM price after switching to 375 GM	Fail
DC_HP_32	Verify 'New Launch' widget Flavor Options (Chocolate Fudge) display correctly	1. Observe the Flavor Options on the New Launch widget	N/A	Chocolate Fudge' option is shown and selectable	As expected	Pass
DC_HP_33	Verify the quantity selector in the 'New Launch' widget enforces a minimum of 1	1. Set quantity to 1 2. Click the decrease-quantity control again	Quantity: 1	Quantity remains at 1; decrease control is disabled below 1	Quantity decreases to 0, allowing an invalid Add to Cart state	Fail
DC_HP_34	Verify 'Add to cart' from the 'New Launch' widget adds the selected size/flavor	1. Select 750 GM 2. Click Add to cart	Size: 750 GM	Correct variant (750 GM, Chocolate Fudge) is added to the cart	As expected	Pass
DC_HP_35	Verify 'All Products' section displays a grid of products	1. Scroll to the All Products section	N/A	Grid of products with images, names and prices is displayed	As expected	Pass
DC_HP_36	Verify 'View all' link in the All Products section navigates to the full catalog	1. Click 'View all'	N/A	User is navigated to /collections/all-products	As expected	Pass
DC_HP_37	Verify the 'Special offer' countdown timer counts down correctly	1. Observe the countdown timer (Day:Hours:Min:Sec) for 60 seconds	N/A	Timer visibly decrements second by second	Timer remains static at 00:00:00:00 and does not decrement	Fail
DC_HP_38	Verify the 'Special offer' section links to the correct offers page	1. Click the Special offer banner/CTA	N/A	User is navigated to the relevant offers/collection page	As expected	Pass
DC_HP_39	Verify the 'Every batch is Lab Tested' trust badge image displays correctly	1. Scroll to the trust badge section	N/A	Badge image loads clearly without a broken image icon	As expected	Pass
DC_HP_40	Verify the combo/comparison banner image loads correctly	1. Scroll to the combo banner section	N/A	Banner image loads fully without a broken image icon	As expected	Pass
DC_HP_41	Verify the certification/partner logos image displays correctly	1. Scroll to the certification logos section	N/A	Logos image loads and is clearly legible	As expected	Pass
DC_HP_42	Verify a video in the 'Videos' shoppable carousel plays on click	1. Click a video thumbnail in the Videos section	N/A	Video plays inline with visible sound/mute controls	As expected	Pass
DC_HP_43	Verify the shoppable video product info card loads correctly	1. Play a video 2. Observe the product info overlay	N/A	Correct product name and price load (e.g. Protein Muesli — Rs. 599)	Overlay is stuck on 'Loading product info…' and never resolves	Fail
DC_HP_44	Verify Videos carousel 'Previous'/'Next' navigation arrows work correctly	1. Click the carousel arrows in the Videos section	N/A	Carousel scrolls to reveal additional videos	As expected	Pass
DC_HP_45	Verify 'Meet The Founders' section displays founder photos correctly on mobile	1. Open home page on a mobile viewport 2. Scroll to Meet The Founders	N/A	Ankit Jha and Nupur Jha photos load correctly on mobile	Founder photos fail to load on mobile, showing broken image icons	Fail
DC_HP_46	Verify 'Meet The Founders' section displays correct names and titles	1. Scroll to Meet The Founders	N/A	Ankit Jha (Founder & CMO) and Nupur Jha (Founder & CEO) displayed correctly	As expected	Pass
DC_HP_47	Verify 'Keep me updated' newsletter form accepts a valid email	1. Enter a valid email 2. Click Subscribe	Email: nandana@gmail.com	Confirmation message is shown and the subscription is recorded	As expected	Pass
DC_HP_48	Verify 'Keep me updated' newsletter form validates an invalid email	1. Enter an invalid email 2. Click Subscribe	Email: anun@gmail.com	Error message 'Enter a valid email' is displayed	Form submits successfully with no validation error shown	Fail
DC_HP_49	Verify 'As Seen In' press logos link to the correct external articles	1. Click a press logo, e.g. News18	N/A	Opens the correct News18 article in a new browser tab	As expected	Pass
DC_HP_50	Verify the three feature icons display with correct headings and text	1. Observe the Clean Ingredients / Lab-Tested / Real Food-Real Taste icons	N/A	All three icons display with correct headings and descriptive text	As expected	Pass
DC_HP_51	Verify footer 'Get in touch' displays the correct address, email and contact numbers	1. Scroll to the footer 'Get in touch' section	N/A	Gurugram address, care@thedrchoice.com, WhatsApp and call numbers all display correctly	As expected	Pass
DC_HP_52	Verify the footer phone number is a tappable click-to-call link on mobile	1. Open footer on a mobile device 2. Tap the 'Call US' number	N/A	Device dialer opens with the number pre-filled	Number is plain text and not tappable on mobile	Fail
DC_HP_53	Verify footer 'Quick Links' navigate to the correct pages	1. Click each Quick Link (About Us, Careers, Refund Policy, etc.)	N/A	Each link navigates to its correct corresponding page	As expected	Pass
DC_HP_54	Verify footer social media icons link to the correct Doctor's Choice profiles	1. Click each footer social icon (Facebook, Instagram, YouTube, LinkedIn)	N/A	Each icon opens the correct official profile in a new tab	LinkedIn icon opens a 404 page instead of the company profile	Fail
			Shop			
DC_SHOP_01	Verify 'Shop' menu item navigates to the All Products collection	1. Click 'Shop' in the navigation menu	N/A	User is navigated to /collections/all-products	As expected	Pass
DC_SHOP_02	Verify the Shop collection page displays an accurate product count	1. Open /collections/all-products 2. Observe the product count	N/A	Total product count displayed matches the actual number of listed products	As expected	Pass
DC_SHOP_03	Verify Shop page filter options function correctly	1. Apply a filter (e.g. by product type)	N/A	Product grid updates to show only matching products	As expected	Pass
DC_SHOP_04	Verify Shop page sort options function correctly	1. Change sort to 'Price: Low to High'	Sort: Price-Low-High	Products reorder correctly in ascending price order	Products remain in the original order after changing the sort option	Fail
DC_SHOP_05	Verify Shop page pagination/load more works correctly	1. Scroll to the bottom of the listing or click 'Load more'	N/A	Additional products load without duplicates or gaps	As expected	Pass
DC_SHOP_06	Verify Shop page breadcrumb displays correctly	1. Open the Shop page 2. Observe the breadcrumb	N/A	Breadcrumb shows Home > Shop	As expected	Pass
DC_SHOP_07	Verify Shop page is responsive on mobile viewport	1. Open Shop page at 375px width	N/A	Grid adapts to a single/double column layout without overlap	As expected	Pass
DC_SHOP_08	Verify Shop page loads within an acceptable time with the full catalog	1. Load the Shop page 2. Measure load time	N/A	Page loads within 3 seconds	As expected	Pass
			Protein Oats			
DC_PO_01	Verify 'Protein Oats' nav item navigates to the correct collection	1. Click 'Protein Oats' in the navigation menu	N/A	User is navigated to /collections/mass-market	As expected	Pass
DC_PO_02	Verify the Protein Oats collection displays only Protein Oats products	1. Open the Protein Oats collection	N/A	All listed products belong to the Protein Oats range	As expected	Pass
DC_PO_03	Verify Protein Oats collection displays all known flavor variants	1. Observe the product list	N/A	Banana Caramel, Dark Choco Berry and Strawberry variants are all listed	As expected	Pass
DC_PO_04	Verify Protein Oats product cards display the correct weight options	1. Observe product cards on the collection page	N/A	Weight/size (375 GM, 750 GM, 2 KG) is indicated on each card	Some cards do not show size until the user clicks into the product page	Fail
DC_PO_05	Verify Protein Oats collection banner/description displays correctly	1. Open the Protein Oats collection page	N/A	Collection banner and description text render correctly	As expected	Pass
DC_PO_06	Verify clicking a Protein Oats product navigates to its correct detail page	1. Click a product in the collection	N/A	Correct product detail page opens	As expected	Pass
DC_PO_07	Verify Protein Oats collection shows correct pricing and discount badges	1. Observe product pricing	N/A	Sale price, regular price and 'Save Rs. X' badge all display correctly	As expected	Pass
DC_PO_08	Verify the Protein Oats collection is accessible via direct URL	1. Navigate directly to /collections/mass-market	N/A	Collection page loads correctly	As expected	Pass
			Peanut Spread			
DC_PS_01	Verify 'Peanut Spread' nav item navigates correctly	1. Click 'Peanut Spread' in the navigation menu	N/A	User is navigated to /collections/peanut-spread	As expected	Pass
DC_PS_02	Verify the Peanut Spread collection displays only Only Nuts / Peanut Spread products	1. Open the Peanut Spread collection	N/A	All listed products belong to the Peanut Spread range	As expected	Pass
DC_PS_03	Verify the nav 'Peanut Spread' link and footer 'Only Nuts Peanut Spread' link resolve to the same collection	1. Compare the nav link URL with the footer link URL	N/A	Both links point to the same underlying collection	Nav link points to /collections/peanut-spread while the footer link points to /collections/only-nuts - two different URLs	Fail
DC_PS_04	Verify Peanut Spread flavor variants display correctly (Creamy Choco Fudge, Nutty Choco Fudge)	1. Observe the product list	N/A	All known flavor variants are listed correctly	As expected	Pass
DC_PS_05	Verify Peanut Spread product images load correctly	1. Observe product images on the collection page	N/A	All images load without broken image icons	As expected	Pass
DC_PS_06	Verify Peanut Spread pricing and 'Save Rs. X' badges display correctly	1. Observe product pricing	N/A	Sale price, regular price and savings badge display correctly	As expected	Pass
DC_PS_07	Verify 'Add to cart' works correctly from the Peanut Spread collection page	1. Click 'Add to cart' on a product	N/A	Correct product is added and the cart count updates	As expected	Pass
DC_PS_08	Verify the Peanut Spread collection page is responsive on mobile	1. Open the collection at 375px width	N/A	Grid adapts correctly without overlap	As expected	Pass
			Protein Muesli			
DC_PM_01	Verify 'Protein Muesli' nav item navigates correctly	1. Click 'Protein Muesli' in the navigation menu	N/A	User is navigated to /collections/muesli	As expected	Pass
DC_PM_02	Verify the Protein Muesli collection displays the product correctly	1. Open the Protein Muesli collection	N/A	Protein Muesli product is listed with correct name and image	As expected	Pass
DC_PM_03	Verify Protein Muesli size options (375 GM / 750 GM) are selectable	1. Select each size option	N/A	Correct size variant is reflected in the price/selection	As expected	Pass
DC_PM_04	Verify the Protein Muesli flavor option (Chocolate Fudge) displays correctly	1. Observe the flavor option	N/A	Chocolate Fudge' flavor is shown correctly	As expected	Pass
DC_PM_05	Verify Protein Muesli pricing and 'Save Rs. 150' badge display correctly	1. Observe product pricing	N/A	Sale price Rs. 599, Regular price Rs. 749, Save Rs. 150 all shown correctly	As expected	Pass
DC_PM_06	Verify Protein Muesli rating and review count display correctly	1. Observe the product rating	N/A	Rating shown as (4.8), linking to 262 reviews	As expected	Pass
DC_PM_07	Verify clicking the Protein Muesli product navigates to its detail page	1. Click the product	N/A	Correct product detail page opens	As expected	Pass
DC_PM_08	Verify the Protein Muesli collection page loads within an acceptable time	1. Load the page 2. Measure load time	N/A	Page loads within 3 seconds	As expected	Pass
			Business Inquiries			
DC_BI_01	Verify 'Business inquiries' nav item navigates to the Contact page	1. Click 'Business inquiries' in the navigation menu	N/A	User is navigated to /pages/contact	As expected	Pass
DC_BI_02	Verify the Business Inquiries/Contact page displays a working enquiry form	1. Open the Contact page	N/A	Form fields (Name, Email, Message, etc.) are displayed	As expected	Pass
DC_BI_03	Verify submitting the enquiry form with valid details succeeds	1. Fill valid details 2. Submit the form	Name, Email, Message filled	A confirmation message is shown	As expected	Pass
DC_BI_04	Verify submitting the enquiry form with an empty required field shows an error	1. Leave Email blank 2. Submit	Email: (blank)	Error 'Email is required' is displayed	As expected	Pass
DC_BI_05	Verify 'Become a Distributor' footer link navigates correctly	1. Click footer 'Become a Distributor'	N/A	User is navigated to /pages/business-enquiry	As expected	Pass
DC_BI_06	Verify the Business Inquiries page displays correct company contact details	1. Open the page 2. Observe contact details	N/A	Correct email, WhatsApp and phone number are displayed	As expected	Pass
DC_BI_07	Verify the Business Inquiries page is responsive on mobile	1. Open the page at 375px width	N/A	Form and content render correctly without overlap	As expected	Pass
DC_BI_08	Verify the Business Inquiries page loads within an acceptable time	1. Load the page 2. Measure load time	N/A	Page loads within 3 seconds	As expected	Pass
			Search			
DC_SRCH_01	Verify the search icon opens the search overlay	1. Click the search icon in the header	N/A	Search input overlay opens	As expected	Pass
DC_SRCH_02	Verify entering a valid keyword returns relevant product results	1. Enter a keyword 2. Submit	Keyword: protein oats	Relevant Protein Oats products are displayed	As expected	Pass
DC_SRCH_03	Verify search autosuggest displays suggestions while typing	1. Type a partial keyword	Keyword: 'oat'	Relevant autosuggest results appear as the user types	No suggestions appear while typing	Fail
DC_SRCH_04	Verify searching with a misspelled keyword still returns relevant results	1. Enter a misspelled keyword	Keyword: 'protien'	Relevant results are shown via fuzzy match or a 'Did you mean' suggestion	No results found; no fuzzy match suggestion shown	Fail
DC_SRCH_05	Verify searching with no matching products shows a 'no results' message	1. Enter a nonsense keyword	Keyword: 'xyzyx123'	A clear 'No results found' message is displayed	As expected	Pass
DC_SRCH_06	Verify submitting an empty search shows an appropriate message	1. Click search without entering text	Keyword: (blank)	A message prompting to enter a search term is shown	As expected	Pass
DC_SRCH_07	Verify the search overlay can be closed correctly	1. Click the close/X icon on the search overlay	N/A	Search overlay closes and returns to the home page	As expected	Pass
DC_SRCH_08	Verify the search results page URL reflects the search query	1. Search for a keyword 2. Observe the URL	Keyword: 'muesli'	URL includes the search query parameter (e.g. /search?q=muesli)	As expected	Pass
			Account / Login			
DC_ACC_01	Verify the account icon navigates to the login page when logged out	1. Click the account icon in the header	N/A	User is navigated to /account/login	As expected	Pass
DC_ACC_02	Verify the account icon navigates to the account/orders page when logged in	1. Click the account icon while logged in	N/A	User is navigated to the account dashboard	As expected	Pass
DC_ACC_03	Verify a logged-in user's name/greeting displays correctly	1. Log in 2. Observe the account area	N/A	Correct customer name or greeting is displayed	As expected	Pass
DC_ACC_04	Verify the account icon indicates login state visually	1. Compare the icon logged-out vs. logged-in	N/A	Icon or indicator clearly differs between the two states	Icon appears identical whether the user is logged in or out	Fail
DC_ACC_05	Verify accessing a direct account URL while logged out redirects to login	1. Navigate directly to /account while logged out	N/A	User is redirected to /account/login	As expected	Pass
DC_ACC_06	Verify the account page displays order history correctly	1. Log in 2. Open the account page	N/A	Past orders (if any) are listed with correct details	As expected	Pass
DC_ACC_07	Verify the account icon is keyboard-accessible	1. Tab to the account icon 2. Press Enter	N/A	Login/account page opens via keyboard activation	As expected	Pass
DC_ACC_08	Verify logging out returns the user to a logged-out state	1. Click Logout from the account page	N/A	User is logged out and the account icon reflects the logged-out state	As expected	Pass
			Cart			
DC_CART_01	Verify the cart icon opens the cart drawer/page	1. Click the cart icon in the header	N/A	Cart drawer opens showing the current cart contents	As expected	Pass
DC_CART_02	Verify an empty cart displays the correct empty-state message	1. Open the cart with no items added	N/A	Your cart is empty' message is displayed	As expected	Pass

QC_CART_03	Verify adding a product updates the cart icon count correctly	1. Add a product from any page	N/A	Cart icon count increments by 1 immediately	As expected	Pass
QC_CART_04	Verify the cart drawer displays correct product name, image, price and quantity	1. Add a product 2. Open the cart	N/A	All product details display correctly in the cart drawer	As expected	Pass
QC_CART_05	Verify increasing/decreasing quantity in the cart updates the line total correctly	1. Change quantity in the cart	Quantity: 2	Line item total updates correctly (unit price x quantity)	As expected	Pass
QC_CART_06	Verify removing a product from the cart updates the cart correctly	1. Click remove/delete on a cart item	N/A	Product is removed and the cart total updates accordingly	As expected	Pass
QC_CART_07	Verify the cart subtotal calculates correctly across multiple products	1. Add 2 or more different products	N/A	Subtotal equals the sum of all line item totals	Subtotal excludes the most recently added item until the page is refreshed	Fail
QC_CART_08	Verify the 'Checkout' button in the cart proceeds to checkout	1. Click 'Checkout' from the cart	N/A	User is navigated to the checkout flow	As expected	Pass
			Hero Banner			
QC_HB_01	Verify the hero banner/slideshow displays on page load	1. Load the home page	N/A	Hero slideshow displays with the first slide visible	As expected	Pass
QC_HB_02	Verify the hero slideshow auto-rotates between all slides	1. Observe the banner for 15+ seconds	N/A	Banner automatically cycles through all slides	As expected	Pass
QC_HB_03	Verify hero banner navigation dots work correctly	1. Click each slide indicator dot	N/A	Slideshow jumps to the corresponding slide	As expected	Pass
QC_HB_04	Verify clicking a hero slide navigates to its linked product page	1. Click on a hero banner slide	N/A	User is navigated to the correct linked product page	As expected	Pass
QC_HB_05	Verify hero banner images load at full resolution without pixelation	1. Observe hero banner image quality	N/A	Images display sharply without visible pixelation	As expected	Pass
QC_HB_06	Verify the hero banner is responsive and crops correctly on mobile	1. Open the home page at 375px width	N/A	Banner resizes/crops appropriately without distortion	As expected	Pass
QC_HB_07	Verify the 'Navigate to next section' control scrolls to the next section	1. Click the next-section control below the banner	N/A	Page scrolls smoothly to the Best Sellers section	As expected	Pass
QC_HB_08	Verify the hero slideshow pauses on hover and resumes on mouse-out	1. Hover over the slideshow 2. Move the mouse away	N/A	Auto-rotation pauses on hover and resumes afterward	Slideshow continues rotating while hovered	Fail
			All Products / Product Listing			
QC_APL_01	Verify the home page 'All Products' section displays a product grid	1. Scroll to the All Products section	N/A	Grid of products with images, names and prices displayed	As expected	Pass
QC_APL_02	Verify 'View all' link navigates to the full All Products catalog	1. Click 'View all'	N/A	User is navigated to /collections/all-products	As expected	Pass
QC_APL_03	Verify the listing page displays an accurate total product count	1. Open /collections/all-products	N/A	Product count matches the actual number of listed items	As expected	Pass
QC_APL_04	Verify pagination or infinite scroll loads additional products correctly	1. Scroll to the bottom of the listing	N/A	Additional products load without duplication or gaps	As expected	Pass
QC_APL_05	Verify each product card displays name, image, price and rating	1. Observe several product cards	N/A	All expected fields display correctly on each card	As expected	Pass
QC_APL_06	Verify filtering the listing by category updates the results correctly	1. Apply a category filter	N/A	Only matching products are displayed	As expected	Pass
QC_APL_07	Verify sorting the listing (e.g. Best Selling, Price) updates the order correctly	1. Change the sort option	Sort: Price Low-High	Products reorder correctly according to the selected sort	As expected	Pass
QC_APL_08	Verify the listing page is responsive across mobile, tablet and desktop	1. Open the listing at 375px, 768px and 1440px widths	N/A	Grid columns adjust appropriately at each breakpoint	As expected	Pass
			Product Discount / Save Price			
QC_DSC_01	Verify the 'Save Rs. X' badge is calculated correctly	1. Check a discounted product, e.g. Protein Oats 2KG	N/A	Displayed savings equals Regular price minus Sale price exactly	As expected	Pass
QC_DSC_02	Verify the strikethrough regular price and sale price both display clearly	1. Observe a discounted product card	N/A	Regular price is struck through, sale price shown prominently	As expected	Pass
QC_DSC_03	Verify the discount badge does not appear on non-discounted products	1. Observe a product with no active discount	N/A	No 'Save Rs. X' badge is shown	As expected	Pass
QC_DSC_04	Verify discount pricing is consistent between the home page and the product detail page	1. Compare the price on the home page vs. the product page	N/A	Sale price and savings amount match exactly on both pages	As expected	Pass
QC_DSC_05	Verify the discount percentage (if shown) is calculated correctly	1. Observe a product showing a % off badge	N/A	Percentage matches (savings / Regular price) x 100, rounded correctly	Percentage badge shows a rounding error of more than 1%	Fail
QC_DSC_06	Verify discounted price updates correctly in the cart	1. Add a discounted product to the cart	N/A	Cart reflects the sale price, not the regular price	As expected	Pass
QC_DSC_07	Verify currency formatting (Rs.) is consistent across all discount displays	1. Observe pricing across multiple sections	N/A	Rs. currency prefix and comma formatting are consistent everywhere	As expected	Pass
QC_DSC_08	Verify time-limited offer pricing reverts correctly after the countdown expires	1. Simulate the countdown reaching zero	N/A	Price reverts to the standard/regular price once the offer ends	Discounted price remains active after the countdown reaches zero	Fail
			Grid / List View			
QC_GRID_01	Verify the product listing defaults to a grid view on page load	1. Open /collections/all-products	N/A	Products display in a grid layout by default	As expected	Pass
QC_GRID_02	Verify grid view displays the correct number of columns on desktop	1. Open the listing on a 1440px viewport	N/A	Grid displays the configured number of columns on desktop	As expected	Pass
QC_GRID_03	Verify grid view adjusts column count correctly on tablet viewport	1. Open the listing on a 768px viewport	N/A	Grid adjusts to 2-3 columns appropriately	As expected	Pass
QC_GRID_04	Verify grid view adjusts column count correctly on mobile viewport	1. Open the listing on a 375px viewport	N/A	Grid adjusts to 1-2 columns appropriately	As expected	Pass
QC_GRID_05	Verify a list view toggle (if available) switches the layout correctly	1. Click the list view toggle icon	N/A	Layout switches from grid to a single-column list with more detail per row	No list view toggle is available on the listing page	Fail
QC_GRID_06	Verify product card spacing and alignment remain consistent in grid view	1. Observe multiple rows of the grid	N/A	Cards are evenly spaced and aligned across all rows	As expected	Pass
QC_GRID_07	Verify grid images maintain a consistent aspect ratio across product cards	1. Observe product images across the grid	N/A	All product images maintain the same aspect ratio/frame	As expected	Pass
QC_GRID_08	Verify resizing the viewport dynamically reflows the grid without breaking layout	1. Resize the browser window from desktop to mobile width	N/A	Grid reflows smoothly with no overlapping or cut-off elements	As expected	Pass
			Chat / Support			
QC_SUP_01	Verify support contact details are displayed correctly in the footer	1. Scroll to the 'Get in touch' footer section	N/A	care@thedchoice.com, WhatsApp +91-9266309704 and call number are displayed correctly	As expected	Pass
QC_SUP_02	Verify clicking the support email opens the default mail client	1. Click the 'care@thedrchoice.com' link	N/A	Default mail client opens with the address pre-filled is 'To'	As expected	Pass
QC_SUP_03	Verify the support phone number is a functional click-to-call link on mobile	1. Tap the call number on a mobile device	N/A	Device dialer opens with the number pre-filled	Number is plain text and not tappable on mobile	Fail
QC_SUP_04	Verify the Contact page provides a working support enquiry form	1. Open /pages/contact 2. Submit a query	Name, Email, Message filled	A confirmation message is shown after submission	As expected	Pass
QC_SUP_05	Verify support contact information is consistent across the footer and Contact page	1. Compare footer details vs. Contact page details	N/A	Email, phone and WhatsApp numbers match exactly on both	As expected	Pass
QC_SUP_06	Verify the support section is legible on mobile viewport	1. Open the footer support section at 375px width	N/A	Text and links remain legible and tappable without overlap	As expected	Pass
QC_SUP_07	Verify support response expectations (if stated) are clearly communicated	1. Observe the support section for any SLA/response time text	N/A	Any stated response time is displayed clearly, if present	As expected	Pass
QC_SUP_08	Verify there are no broken links within the support/contact section	1. Click through all support-related links	N/A	All links resolve to valid pages with no 404 errors	As expected	Pass
			WhatsApp			
QC_WA_01	Verify the floating WhatsApp icon is visible on the home page	1. Load the home page	N/A	Floating WhatsApp icon is visible, typically bottom-right	As expected	Pass
QC_WA_02	Verify clicking the floating WhatsApp icon opens a chat with the correct number	1. Click the floating WhatsApp icon	N/A	Opens a WhatsApp chat with +91-9266309704	As expected	Pass
QC_WA_03	Verify the WhatsApp chat opens with a pre-filled greeting message	1. Click the floating WhatsApp icon	N/A	Chat opens with a pre-filled message (e.g. 'Hi')	As expected	Pass
QC_WA_04	Verify the footer WhatsApp social link uses the correct number and pre-filled text	1. Click the footer WhatsApp icon	N/A	Opens a wa.me link with the correct number and greeting text	As expected	Pass
QC_WA_05	Verify the footer WhatsApp link number matches the floating WhatsApp icon's number	1. Compare both WhatsApp link numbers	N/A	Both links use the same WhatsApp business number	Footer WhatsApp link uses +91-9818201915 while the floating icon and footer contact section use +91-9266309704 - inconsistent numbers	Fail
QC_WA_06	Verify the WhatsApp icon opens correctly on both desktop and mobile	1. Click the icon on desktop vs. a mobile device	N/A	Opens WhatsApp Web on desktop and the native app on mobile	As expected	Pass
QC_WA_07	Verify the WhatsApp icon does not obscure other page content or controls	1. Scroll through the home page with the icon visible	N/A	Icon remains in a fixed position without overlapping key content/buttons	As expected	Pass
QC_WA_08	Verify the WhatsApp icon is keyboard/screen-reader accessible	1. Tab to the WhatsApp icon 2. Activate with Enter	N/A	Icon receives focus and can be activated via keyboard, with an appropriate ARIA label	Icon is not reachable via keyboard Tab navigation	Fail

DOCTOR'S CHOICE

Identified By: Nandana K G
Date: 14/08/2026
Reported To: Rugina Nagar
Environmental Details: Windows11

Registration

Test ID	Bug ID	Expected Result	Bug Summary	Steps to Reproduce	Severity	Priority	Screenshot	Status
REG_05	REG_BUG_01	Error 'Enter a valid email' is displayed, registration blocked	Invalid email format is accepted without a validation error	1. Open registration page 2. Enter invalid email(nandana@gmail) 3. Fill other fields 4. Submit	Medium	Medium	Screenshot 2026-08-19 152658.png	New
REG_08	REG_BUG_02	Error 'Password must be at least 5 characters' is displayed	Weak/short passwords are accepted despite the stated minimum length requirement	1. Enter a password shorter than 5 characters (e.g. 'abc') 2. Submit	Medium	Critical	Screenshot 2026-08-19 152941.png	New
REG_16	REG_BUG_03	Spaces are trimmed automatically; duplicate registration is blocked	Registration does not trim leading/trailing spaces in the Email field, allowing duplicate accounts	1. Register with ' nandana@gmail.com ' (with spaces) 2. Register again with the trimmed version	Medium	Medium	Screenshot 2026-08-19 154052.png	New
REG_20	REG_BUG_04	Error 'Email already registered' is displayed	Duplicate-account prevention does not account for email letter case	1. Register using an email that already exists but in a different letter case 2. Submit	High	High	Screenshot 2026-08-19 154301.png	New
REG_26	REG_BUG_05	Button is disabled after the first click; only one account is created	Rapid double-click on the Register button creates duplicate accounts	1. Fill valid details 2. Double-click the submit button rapidly	Medium	Medium	Screenshot 2026-08-19 154601.png	New
REG_30	REG_BUG_06	A clear, user-friendly error message is displayed	Registration shows a blank page instead of a graceful error when the backend is unavailable	1. Simulate a backend/server error during submission 2. Submit the registration form	Medium	Medium	Screenshot 2026-08-19 154842.png	New
REG_33	REG_BUG_07	Form submits successfully with a loading indicator shown	Registration form hangs on a slow network with no loading feedback	1. Throttle network to 3G 2. Submit the registration form	Low	Low	Screenshot 2026-08-19 155043.png	New
Login								
LOG_09	LOGIN_BUG_01	Account is locked; lockout message displayed	Account does not lock or trigger additional verification after repeated failed login attempts	1. Enter the wrong password 5 times consecutively	High	Critical	Screenshot 2026-08-19 182926.png	New
LOG_14	LOGIN_BUG_02	User logs in successfully	Login fails when the registered email is entered in a different letter case	1. Enter email in uppercase 2. Click Login	Medium	High	Screenshot 2026-08-19 183807.png	New
LOG_21	LOGIN_BUG_03	Login button is disabled/greyed out	Login button is not disabled while required fields are empty	1. Leave both fields empty 2. Observe Login button state	Low	Low	Screenshot 2026-08-19 183807.png	New
LOG_24	LOGIN_BUG_04	Spaces trimmed automatically, login succeeds	Login does not trim leading/trailing spaces in the Email field	1. Enter email with extra spaces 2. Click Login	Medium	High	Screenshot 2026-08-19 184110.png	New
LOG_30	LOGIN_BUG_05	Loading indicator shown; timeout message if exceeded	Login page hangs indefinitely on a slow network with no feedback	1. Throttle network 2. Attempt login	Low	Medium	Screenshot 2026-08-19 184223.png	New
LOG_36	LOGIN_BUG_06	User-friendly 'Service unavailable, please try again later' message shown	Login page shows a blank white screen instead of a graceful error when the server is down	1. Simulate server downtime 2. Attempt login	Medium	High	Screenshot 2026-08-19 182926.png	New
Home Page								
DC_HP_10	HOME_BUG_01	Both links point to the same underlying collection	Peanut Spread' navigation link and footer 'Only Nuts Peanut Spread' link point to different collection URLs	1. Compare the nav 'Peanut Spread' link with the footer 'Only Nuts Peanut Spread' link	Medium	Medium	Screenshot 2026-08-19 190145.png	New
DC_HP_17	HOME_BUG_02	Auto-rotation pauses on hover and resumes on mouse-out	Hero slideshow does not pause on hover	1. Hover over the hero slideshow for 15+ seconds	Low	Low	Screenshot 2026-08-19 190253.png	New
DC_HP_27	HOME_BUG_03	Carousel scrolls through all products in order without skipping	Best Sellers carousel becomes stuck and skips a product during navigation	1. Click 'Next' repeatedly through the full Best Sellers carousel	Medium	Medium	Screenshot 2026-08-19 191117.png	New
DC_HP_31	HOME_BUG_04	Selected size is highlighted and the price updates to match that variant	New Launch' widget price does not update when a different size is selected	1. Click the 375 GM size option in the New Launch widget 2. Observe the price	High	Critical	Screenshot 2026-08-19 191956.png	New
DC_HP_33	HOME_BUG_05	Quantity remains at 1; decrease control is disabled below 1	Quantity selector in the 'New Launch' widget allows quantity to drop to 0	1. Set quantity to 1 2. Click the decrease-quantity control again	Medium	Medium	Screenshot 2026-08-19 191956.png	New
DC_HP_37	HOME_BUG_06	Timer visibly decrements second by second	Special offer countdown timer does not decrement	1. Observe the countdown timer (Day: Hours:Min:Sec) for 60 seconds	Low	Low	Screenshot 2026-08-19 192131.png	New
DC_HP_43	HOME_BUG_07	Correct product name and price load	Shoppable video product info overlay gets stuck on 'Loading product info...'	1. Play a video in the Videos section 2. Observe the product info overlay	Medium	Medium	Screenshot 2026-08-19 192757.png	New
DC_HP_45	HOME_BUG_08	Ankit Jha and Nupur Jha photos load correctly on mobile	Founder photos fail to load on mobile viewport	1. Open home page on a mobile viewport 2. Scroll to Meet The Founders	Low	Low	Screenshot 2026-08-19 193405.png	New
DC_HP_48	HOME_BUG_09	Error 'Enter a valid email' is displayed	Newsletter signup form does not validate invalid email addresses	1. Enter an invalid email (arun@gmail) 2. Click Subscribe	Low	Low	Screenshot 2026-08-19 193803.png	New
DC_HP_52	HOME_BUG_10	Device dialer opens with the number pre-filled	Footer phone number is not a tappable-click-to-call link on mobile	1. Open footer on a mobile device 2. Tap the 'Call US' number	Medium	Medium	Screenshot 2026-08-19 194114.png	New
DC_HP_54	HOME_BUG_11	Opens the correct company LinkedIn profile in a new tab	Footer LinkedIn icon links to a broken page	1. Click the LinkedIn icon in the footer	Low	Low	Screenshot 2026-08-19 194345.png	New
